Awareness Programme on Student Grievance Redressal Guidelines

On December 15th, 2022, Sri Ramakrishna Mission Vidyalaya College of Education organized an Awareness Programme on the guidelines for redressal of student grievances. The objective of the event was to provide teachers and students with a comprehensive understanding of the procedures and mechanisms available for addressing student grievances effectively. The event took place at the college premises and was attended by a large number of faculty members and students.

The resource person for the programme was Dr. S. Sivasankar, Director of Physical Education at the college. Dr. Sivasankar's extensive experience and expertise in the field made him an ideal choice to address the audience and share valuable insights on the topic.

The programme commenced at 10:00 AM with a warm welcome extended to Dr. Sivasankar. The event was then inaugurated by Dr. G. Subramonian, Principal of the college, who emphasized the importance of a conducive learning environment and the need for an effective grievance redressal system to ensure the overall well-being of the students.

Dr. Sivasankar, in his keynote address, highlighted the significance of addressing student grievances promptly and efficiently. He discussed the psychological impact of unresolved grievances on students and the potential implications for their academic and personal development. Dr. Sivasankar stressed the importance of fostering an open and supportive environment where students feel comfortable expressing their concerns and seeking redressal.

During the programme, Dr. Sivasankar presented a detailed overview of the student grievance redressal guidelines. He explained the various steps involved in the process, including the submission of grievances, documentation, investigation, and resolution. He also discussed the roles and responsibilities of teachers, administrators, and students in ensuring a fair and transparent grievance redressal mechanism.

To enhance understanding and engagement, Dr. Sivasankar used relevant case studies and examples to illustrate the practical application of the guidelines. He encouraged active participation from the audience, addressing their queries and providing clarifications where needed.

Following Dr. Sivasankar's insightful session, the attendees were divided into smaller groups for interactive workshops. These workshops provided an opportunity for participants to discuss hypothetical scenarios and brainstorm effective solutions to address student grievances. The collaborative nature of the workshops fostered an environment of mutual learning and sharing.

The Awareness Programme concluded with a feedback session, during which the participants expressed their appreciation for the informative and thought-provoking event. They acknowledged the significance of having a well-defined grievance redressal system and pledged their commitment to implement the guidelines effectively. The college management and faculty members expressed their gratitude to Dr. Sivasankar for his invaluable contribution and expertise.

The Awareness Programme on Student Grievance Redressal Guidelines conducted at Sri Ramakrishna Mission Vidyalaya College of Education proved to be a resounding success. The event provided a platform for teachers and students to familiarize themselves with the procedures and mechanisms for addressing student grievances. The knowledge gained from the programme will undoubtedly contribute to the development of a supportive and inclusive learning environment within the college.
